441	NETHERLANDS		
454	NORWAY		

Material for this, the 13th edition of the European FM Handbook has been processed and updated during the past year. The process of making all these thousands and thousands of items to a book has been done in the months of April, May and June 2002. European FM Handbook 2002-2003 has been printed during the week 26 / 2002.

Liljendal, Finland 23rd June 2002.

Bo-Kristian Lindqvist
Editor in Chief

Networking: Often, stations of the same group (particularly GWR) carry networked programme but with local adverts and jingles. Scottish stations owned by Scottish Radio Holdings carry "the Scottish Night Network" 0100-0600

RESTRICTED SERVICE LICENCES (RSL)

Licences are granted for special event stations operating for up to 28 days with a maximum power of 25 watts. The frequencies allocated vary depending on locality but are often 87.7, 97.9 or above 106.0MHz. There are a few long term RSLs granted mainly to hospitals and educational establishments. These all operate on 87.7MHz with a maximum ERP of 50mW
